

## ZAMBEZI QUEEN

The Zambezi Queen (2009) was specifically designed for wildlife cruising on Botswana's Chobe River, offering views of elephants, hippos, crocodiles, birds and many other animals. The ship features modern accommodations, delicious cuisine, an air-conditioned dining room, lounge and bar, plus an open-air pool deck that provides 360-degree game viewing. As this stylish "floating lodge" leisurely traverses a short stretch of the river between two secluded sites, the animals in this wildlife haven perceive no threat and come to the river to drink and bathe. This affords an amazingly up-close view, almost near enough to touch - truly the epitome of an African river safari.

### SUITE FEATURES:

- ◆ Spacious accommodations, measuring from 215-300 sq.ft.
- ◆ Private step-out balcony
- ◆ Sitting area perfect for admiring wildlife gathering along the shoreline
- ◆ Comfortable contemporary decor

### SHIP FEATURES:

- ◆ Elegantly-appointed public areas
- ◆ Enclosed air-conditioned dining room, lounge and bar
- ◆ Open-air pool deck for 360-degree game watching
- ◆ Eco-friendly with water jet propulsion system, solar heating system and onboard water purification plant

### RESTAURANT FEATURES:

- ◆ All meals included during the cruise with complimentary wine and beer
- ◆ Enjoy delicious cuisine while observing the surrounding wildlife
- ◆ Bar includes local & imported spirits, wine and beers

### Eco-Tourism

Responsibility towards the environment forms the foundation upon which this eco-boat was built:

- ◆ A water jet propulsion system replaces the conventional propeller system, causing no damage to the river bed
- ◆ Only the latest fuel efficient and low emission generators are run during daylight hours, with the boat operating on battery power through the night
- ◆ Hot water is provided by a solar heating system
- ◆ Energy-saving lights throughout
- ◆ Water-saving taps and showers
- ◆ Onboard sewage processing plant
- ◆ Cleaning detergents and soaps are biodegradable
- ◆ Five-stage water purification plant, using river water in showers and tap
